10. Why do you feel you are a good candidate for Restoration House?
11. Hobbies, favorite activities, and special interests:
12. What else would you like to share about yourself?

RESTORATION HOUSE – a Transitional Living Environment for Parolees

Hands, Hearts, Hope

RESTORATION HOUSE – Our name summarizes our mission: to help restore broken lives by offering a Christian faith-based sober living residential support structure for male parolees committed to life and lifestyle change.

RESTORATION HOUSE provides a "family" living environment for up to 18 months in a beautiful facility in the Fruitridge East / Hwy. 99 South area of Sacramento. Residents must commit to curfews, random drug tests, and to supporting one another. We accept applications without regard to race, ethnicity, sexual orientation, or age. Personal responsibility, shared work, respect for others, communication, conflict resolution, tolerance for differences, and similar skills are learned and lived.

We are certified by CAARR (California Association of Addiction Recovery Resources). We are not a licensed treatment facility, and we do not provide detox, medical or psychological services.

RESTORATION HOUSE addresses the whole person. Components of our support structure include:

SPIRITUAL Residents share Bible, prayer and life-sharing time. Each resident is expected to worship and become involved in a church of his choice.

EDUCATIONAL Residents are encouraged to participate in ongoing education: school, GED preparation, or vocational training. Tutoring is provided.

LIFE-SKILLS TRAINING We offer opportunities to learn money management and budgeting; shopping and cooking; social and relational skills; health and nutrition; finding and using community resources for employment and other needs.

REHABILITATION Each resident sets personal goals. Progress and accountability are provided by weekly individual meetings with staff, and in residents' group meetings. Residents are encouraged to participate in counseling, AA, NA and other self-help groups.

EMPLOYMENT Unless enrolled in school, a vocational or rehabilitation program, or disabled, residents are expected to seek and hold jobs.

FEES – \$450 per month includes shared double room and bath, bedding and linens, laundry, basic personal hygiene items, cable TV, computer with Internet access and e-mail, weight room, and program services. General Assistance funds may be applied to fees. Financial adjustments are made for new residents while they seek employment.
